

1975 EAGLE

Staff and students discover together.

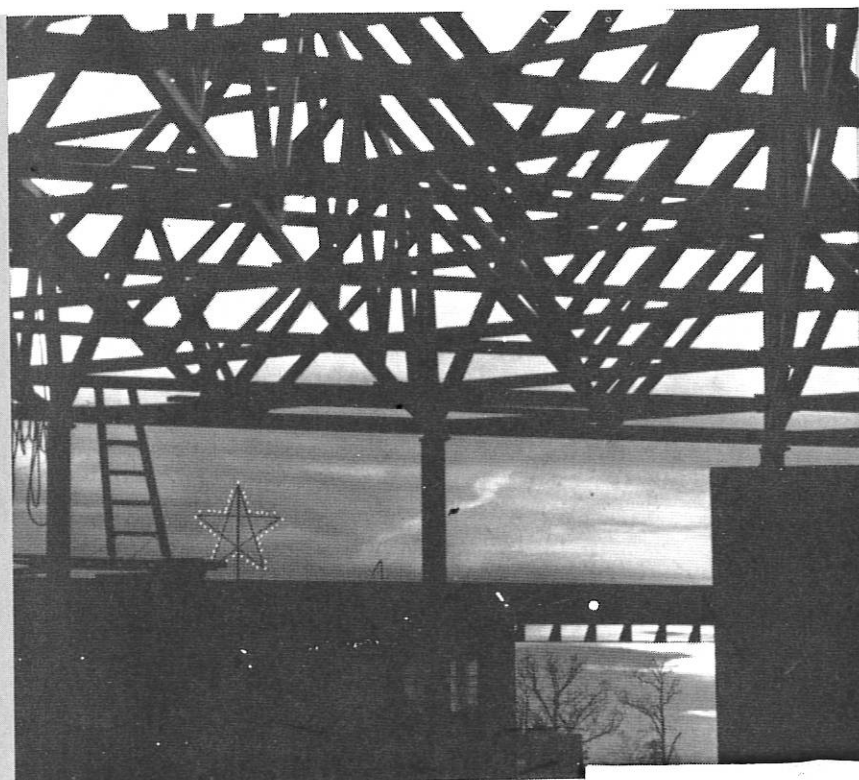

The old MSSD as seen from the new.

OUR GOAL... TOMORROW

By 1976, the new MSSD building will be finished. There will be more open classes; there will be more students entering the new building until it reaches a total of 600 students. There will be more after school activities like sports and night classes. There will be more ways to help high school students.

The school will be open, not only with open doors, but also with open people.

1975 is the Model Secondary School for the Deaf's fifth year. MSSD has changed a lot since five years ago. It has established clubs, sports, and many courses. Many new areas have been set up as more and more people fill the small temporary buildings.

Looking back at the early 1970's, they have been great years for deaf students at MSSD.

The class of 1975 graduated on May 16, 1975 with many different feelings. We felt heartbroken with the feeling of having to leave school for the future.

For the eight months before, the seniors worked together hard and well earning money for our senior trip fund, arguing with anger and happiness at the meetings and surely learning something new everyday. The closer graduation came, the more we realized the challenge for us to meet. It was tough!

In September, the school announced the names of the seniors. We had our first meeting to select officers. We finally decided to have these officers:

President—Buddy Fisher
Vice President—Chris Wehrli
Secretary—Theresa Strong
Treasurer—Steve Gasco

After many meetings about how to raise money, we started to sell tumblers (cups), placemats, Christmas candles made by us with logs, candles, holly, leaves and ribbons. Kip Nichols made a spaghetti dinner and another small group of seniors made a taco dinner.

We made a lot of money during the year. After graduation, nineteen of us seniors and six chaperones went to Orlando to see Disney World and Sea World. We all came back tanned. We really had a great time.

The year was a great one we will always remember.
