Model Secondary School for the Deaf

## Are You Ready For

The Student Enterprises Program is designed to enhance community development and student personal growth while teaching the principles of small business management. Students become involved in all operational aspects of a small business under the supervision of a Residence Hall educator. While students are beginning to understand and apply the concepts of business management, they are also developing leadership skills and learning how to take responsibility for themselves. In addition, students involved in business enterprises are more invested in the school community and

forms are used to document goals and deadlines. In addition, the coordinator constantly evaluates each employee in regard to duties and responsibilities. The coordinator provides a model of a good supervisor/worker relationship on which students can base their future employer/employee relationships.

**Student-run businesses at MSSD:**

**The Snack Bar**  
Located in the Student Union, the Snack Bar is open daily in the afternoon and evening. This student-run business is a great place to get a snack and a drink.

### GIRLS VARSITY BASKETBALL

Mike Weinstock, an MSSD graduate who played basketball for both MSSD and Gallaudet, is the Girls Varsity head coach. His experience as basketball coach includes the coach for Junior High Boys at Maryland for the Deaf, in Federal Heights, assistant coach for the Deaf men's basketball team.

### BOYS VARSITY BASKETBALL

## Take a Closer Look

Editor's note: The following information was conducted during the week of March 6-10. King Jordan, Gallaudet's first deaf president, was selected (March 6-10). Questions were: How do you feel about the world's recognition, not only America's deaf people, but also America's support of deaf people?

I am very happy to see deaf students have the opportunity to speak out. We show we want recognition as successful workers, so we will reduce the stereotype "can't!"

stunned. The Board of Trustees first rally should have been held at the field house while Ms. [Name] gave her presentation. I think we should have had a hearing out commission to hear her out.

MSSD basketball team. Mr. [Name] will be his assistant coach along with Mr. Sandy Ewan who will also be coaching the Jr. Varsity team. Coach Weinstock selected possible players based on skills.

# LOOKING BACK

In March 1988, an internationally famed protest took place right on Gallaudet campus. Students, faculty and staff became enraged when the Board of Trustees selected a hearing president to run the university. For eight long days, the protest continued attracting the focus of the world. Large groups of protesters from every corner of the world came to support the cause. In the midst of all the active supporters at Gallaudet were our proud MSSD students. Devoted to our protest, we fought equal-

ly as hard in the struggle to make our silent pleas understood. We too, wanted a deaf president.

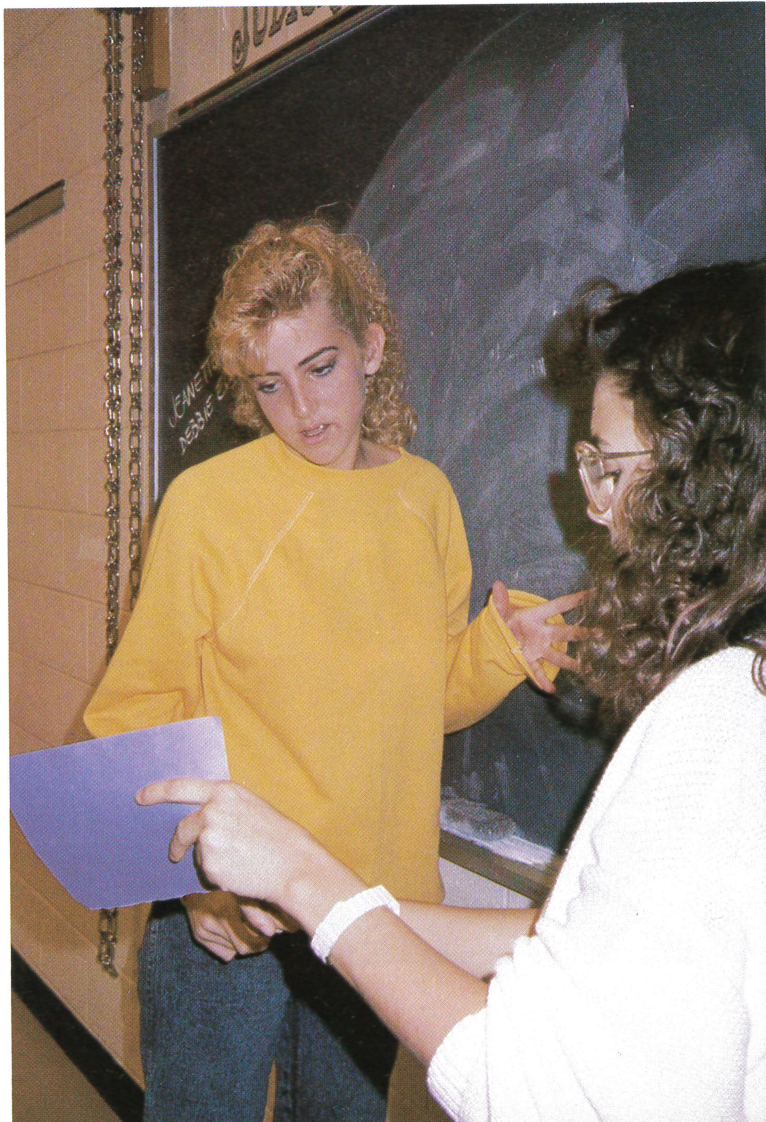

On the eighth day of the famous protest, the demands were finally met. Dr. I. King Jordan became Gallaudet's first deaf president. Attention, recognition and honor given to leaders of the protest earned the respect of people everywhere. But one very essential group dedicating their hard, valuable work was overlooked, the MSSD students. Now it's time to TAKE A CLOSER LOOK AT US.

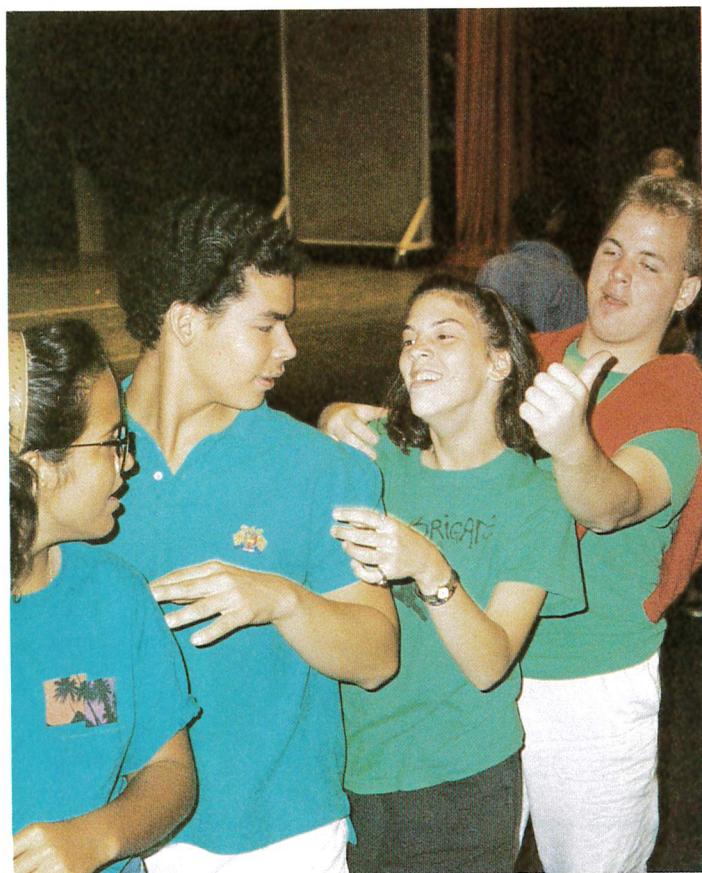

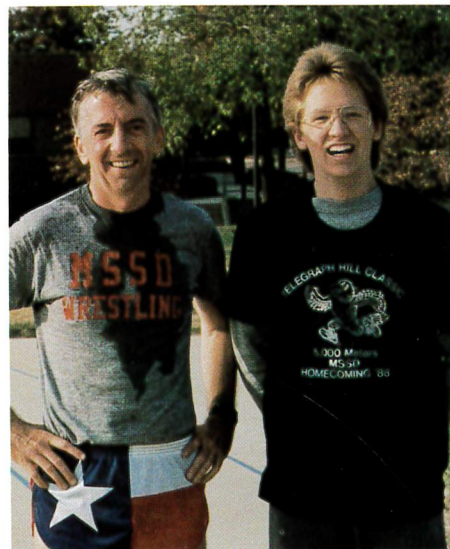

# A CLOSER LOOK

“A child is a person who is going to carry on what you have started. He is going to sit where you are sitting, and when you are gone, attend to those things which you think are important. You may adopt all the policies you please, but how they are carried out depends on him. He will assume control of your cities, states and nations. He is going to move in and take over your churches, schools, universities and corporations. All your books are going to be judged, praised or condemned by him. The fate of humanity is in his hands.”

Abraham Lincoln

We ask everyone to acknowledge all children guided by your footsteps. Give them the hard earned praise needed by **TAKING A CLOSER LOOK AT US**. Our dignity and pride follows your own heart. Teach us well, respect us, and give us honor. The outcome of the present and the future relies on your children.

# Reflections

Reflections, both beautiful and disappointing, revive memories of this year's Homecoming week. During this festive week, Pep rallies sparked high spirits, competition between the classes fired, and students expressed their originality by dressing according to each day's theme. The arrival of our visitors from the Texas School of the Deaf (TSD) electrified excitement through MSSD. We eagerly anticipated the Football Game of the Century with the MSSD Eagles versus the Texas Rangers. Our valiant football players fought a fierce game, but unfortunately it ended in a heartbreaking defeat. Further disappointment followed when our girls volleyball team lost to TSD. However, all was not lost. The Homecoming Dance at Martin's Crosswind restored our broken spirits. It was a thrilling night for many students. Popular songs, unique dancing styles, the western buffet, and interesting presentations made it a night to remember.

# On Homecoming

# Eagles meet the Rangers

"In some ways I am glad that the TSD visitors left with good memories. But I wish I could wind the time back to the homecoming game and we could try hard to win. I did have a good time with the TSD students"

Jennifer Kulmacz

"I enjoyed being with the TSD students and I have good memories. I couldn't believe the Homecoming Football game. The score proved there was hot competition. Both TSD and MSSD are very strong teams"

Dwayne Cox

"I was a little relieved when TSD left because they beat us. But I miss the students from Texas that I became friends with. Next time we will beat them!!!!"

Billy Mauldin

"Eagle Pride Day was my favorite day during Homecoming week. It put me in a great mood to see everyone dressed in Red, White and Blue. They are beautiful colors and make me think of the United States and freedom."

— Michelle Clemente

"The most memorable night of Homecoming week for me was the dance. The best thing about the dance was that while we were all dancing we forgot about the competition between our two schools."

— Grey Roberts

"The Homecoming weekend with Texas was exciting for me because I'm from Texas myself. We had a great time at the dance because we all wanted to get to know each other better. I'll remember this weekend as a great experience."

— Kathryn Flynn

# A Week to Remember Forever

# New Views

"This school provides a good education and activities that I can participate in without worrying about if it requires hearing."

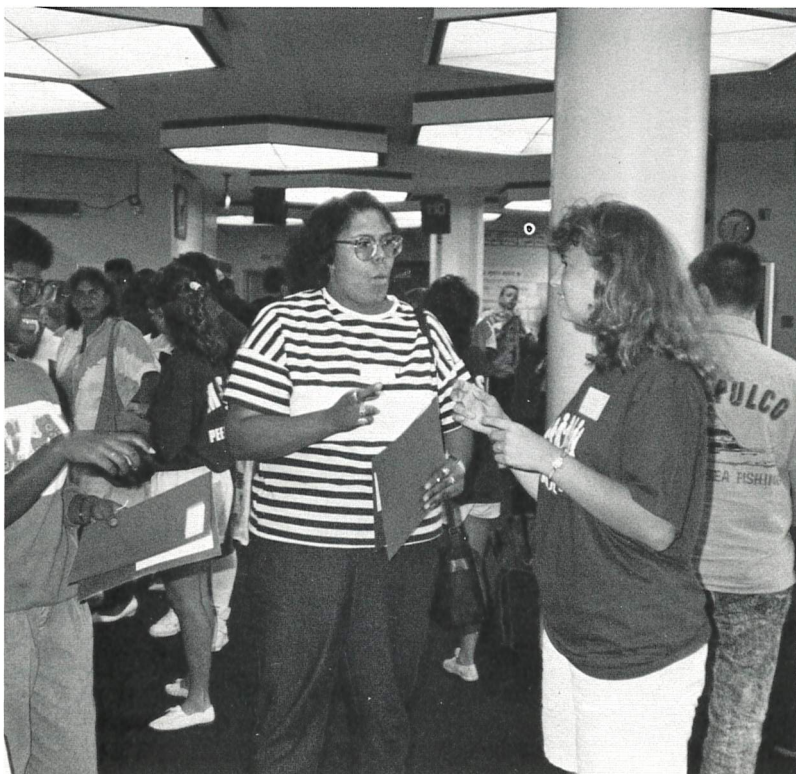

— Kelley Crocker

"I feel great . . . On my first day I had no friends. Now I've made a lot of new friends."

— Mitchell Perelmuter

"I'm starting to build up my speed in signing. It's fun!!!"

— Le Cara Rhodes

# On MSSD

"When I came here I thought everyday there were going to be wild parties. Well, I was wrong, things are taken seriously here . . . I LOVE IT!!!!"

— Jamie Palmer

"I like the fact that I'm pretty much independent, and I enjoy living in the dorms."

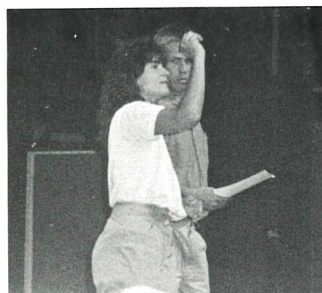

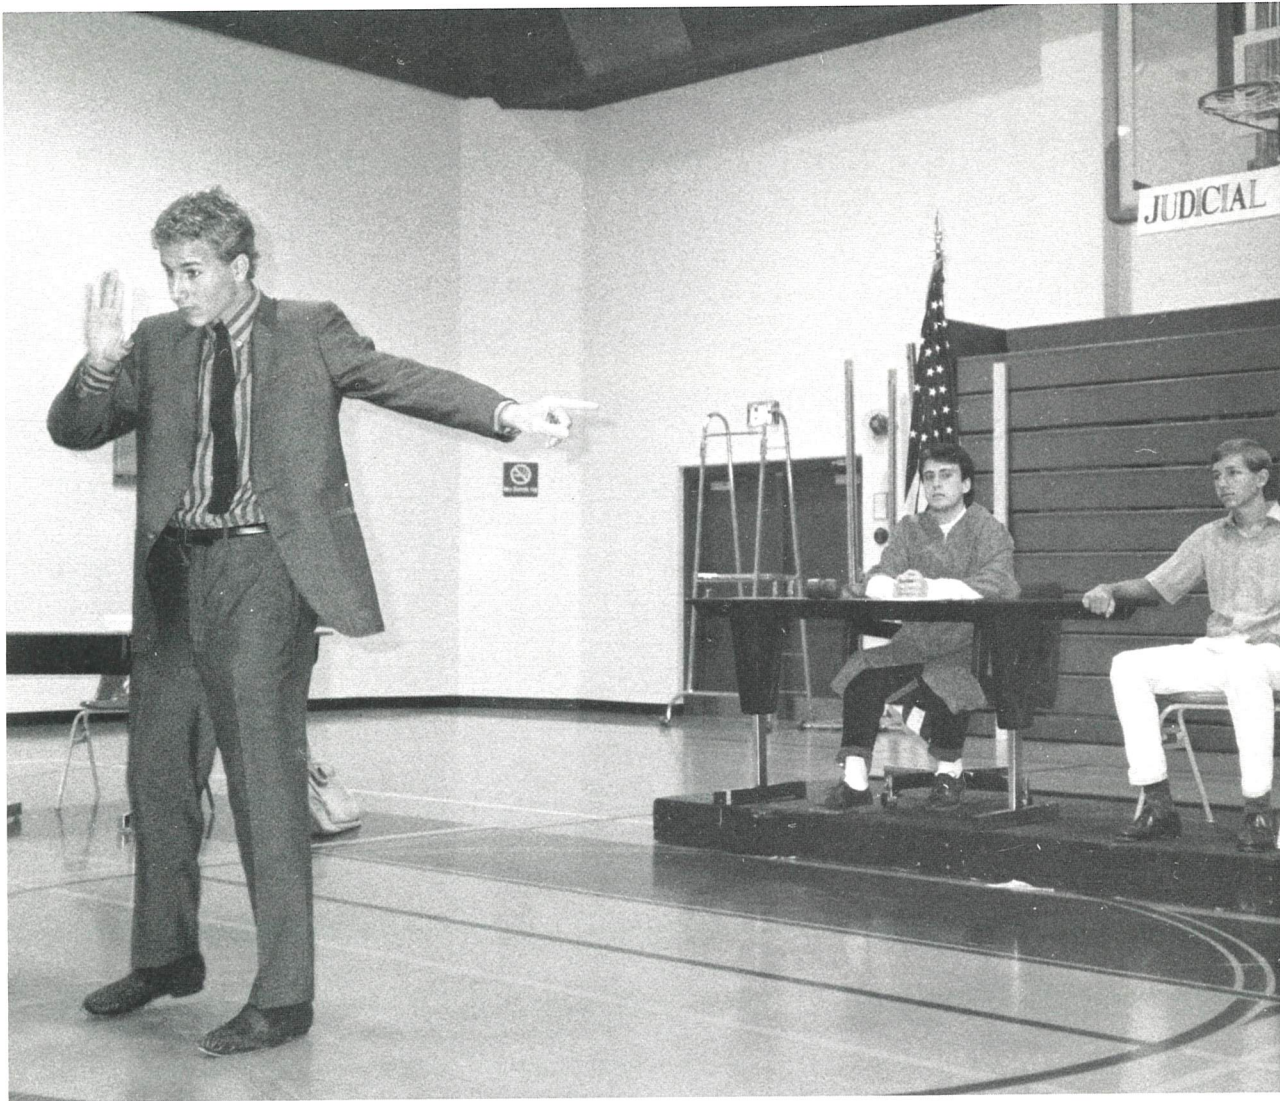

— Tanya Morrison

"I like how the teachers are taking their time to help me."

— Miguel Friday

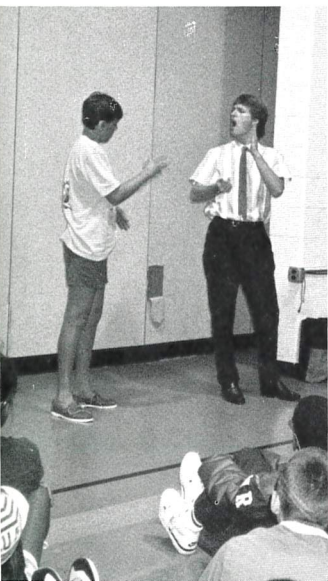

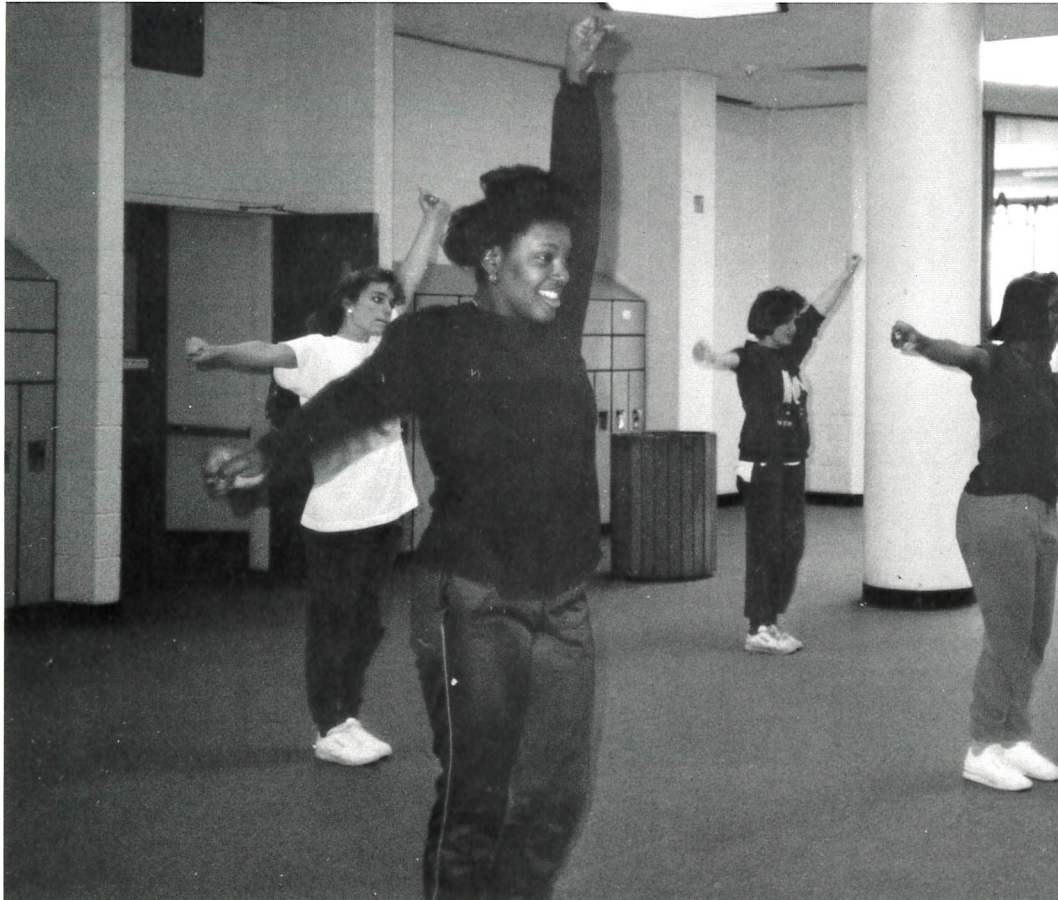

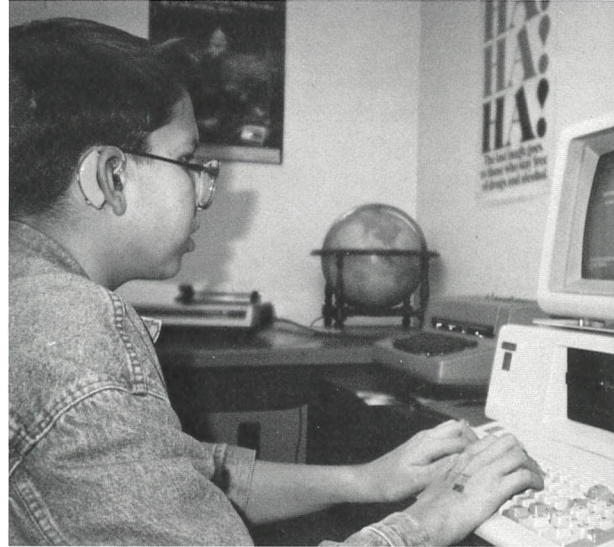

Rights, Sexual Harrassment, and the MSSD Code of Conduct. Learning was made more enjoyable by playing games such as Pictionary and Scrabble. The highlight of the day was the "Mock Trial" where each group watched a case being tried and had to decide if the defendant was guilty or innocent. Judicial Day was a great way to learn and everyone had fun while getting to know each other better.

# THREE TO FIVE

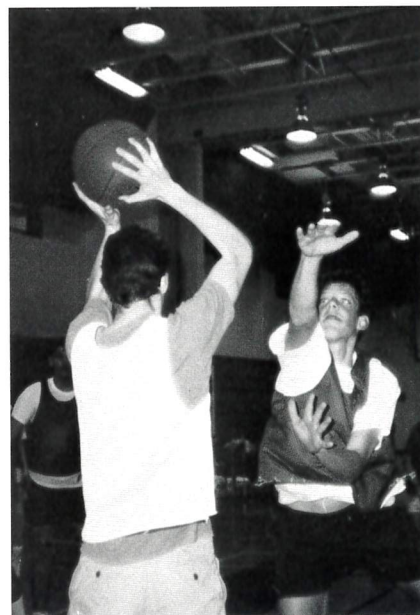

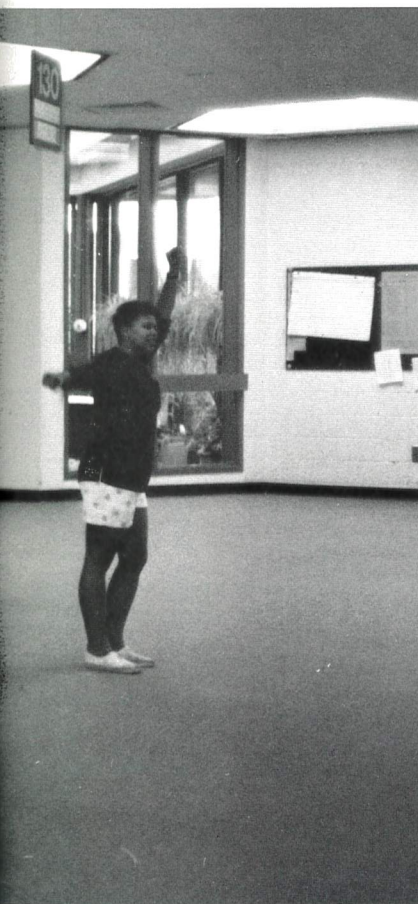

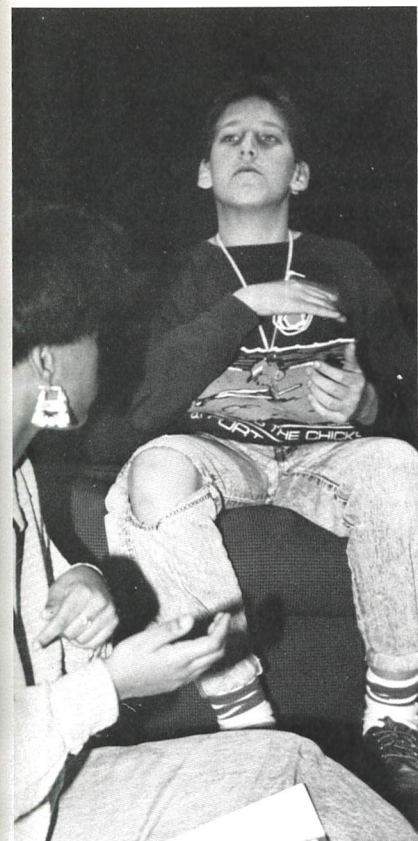

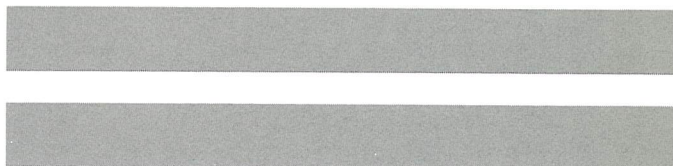

# It's not just a time

Let's take another exciting look at our students' twenty-four hour education, the 3-5 Programs. At 2:55 p.m. when classes end, all students, both residential and commuter, continue learning through their chosen extracurricular activity. They can choose from Photography, Tutoring, Study Hall, SIP, Football, Volleyball, Basketball, Cross Country, Track, Baseball, and Wrestling.

These activities contribute to the Student Life philosophy: Physical, Intellectual, Emotional, Spiritual growth (PIES). The 3-5 programs are just some of the fun, educational events in a MSSD student's life.

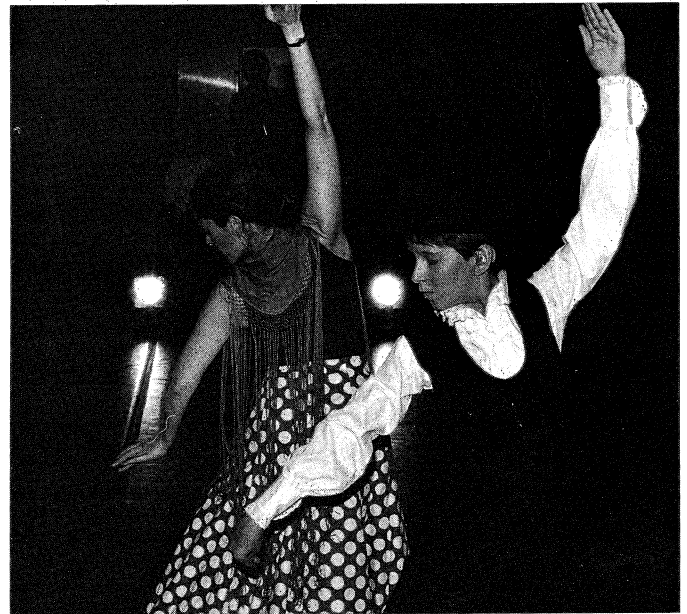

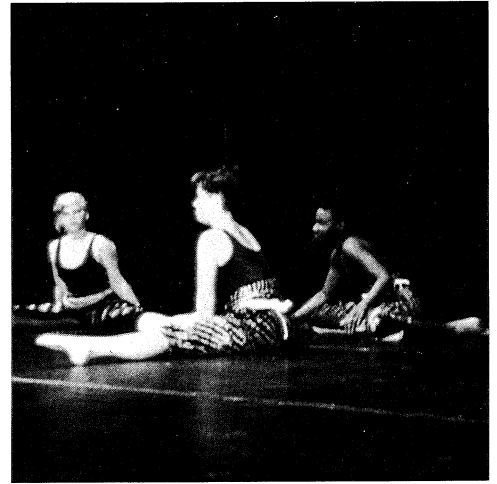

# Fall Dance Concert

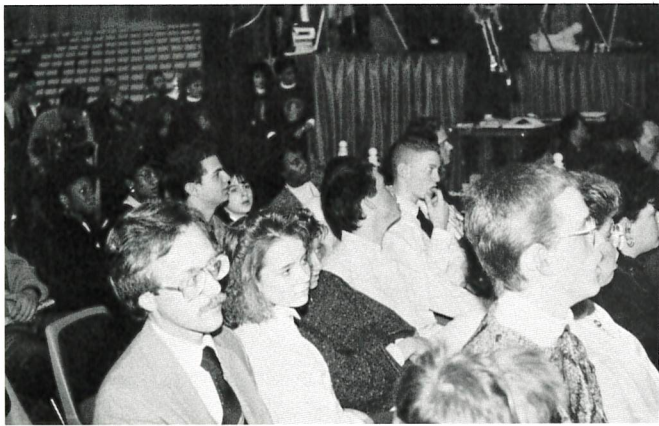

The Fall Dance Concert was an exciting mix of dances from different cultures and periods of history. Students were involved in Modern, the Charleston, Jazz, African, and Spanish Dances. Performers and audience members alike became fans of MSSD's popular "Benny and the Jets," choreographed by Earl Lucas. Eddie Haggerty choreographed a trip back in time to the high stepping of the Charleston.

The Modern Dance was choreographed by Yola Rozynek. She created a complicated and technical dance that was extremely successful. The Spanish Dance was choreographed by Joana Del Rio with Alex Jones. The dance was very strong, energetic and beautifully performed. The African Dance was choreographed by Wilhelmina Joseph-Moore. We all loved the beat of their music.

Although the Dance Concert was a lot of work, it was fun to be a part of and enjoyable to watch.

# Inauguration Week

# We Were There

What a celebration it was! On January 19, the day before the Inauguration of the 41st President, George Bush, MSSD Juniors and Seniors and 20,000 other high school students from throughout the United States were invited to the Inaugural Forum at the Star Plex DC Armory Area. The MSSD students and teachers had the honor of sitting in the best seats of the house —the front rows. Unexpectedly, President-Elect George Bush and Vice President-Elect Dan Quayle appeared on stage and gave lectures about education and drugs, an imperative issue in a teenager's life. Hearing these speeches from the most important politicians of our time inspired us because they are our leaders and role models.

Being only deaf school invited to the Inaugural Forum inspired the MSSD students. We earned a once-in-a-lifetime chance giving us a deeper appreciation of America's wonderful opportunities.

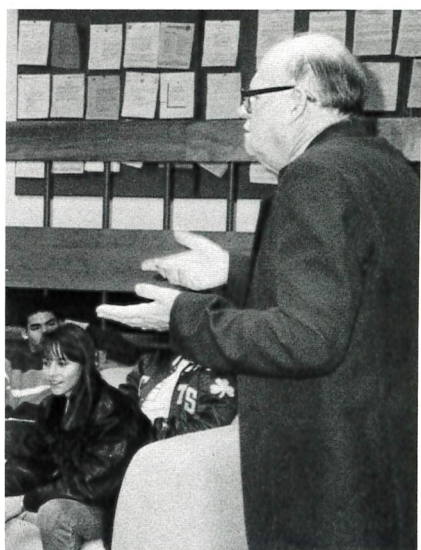

# Making Friends through Theatre

## Fall Theatre Showcase

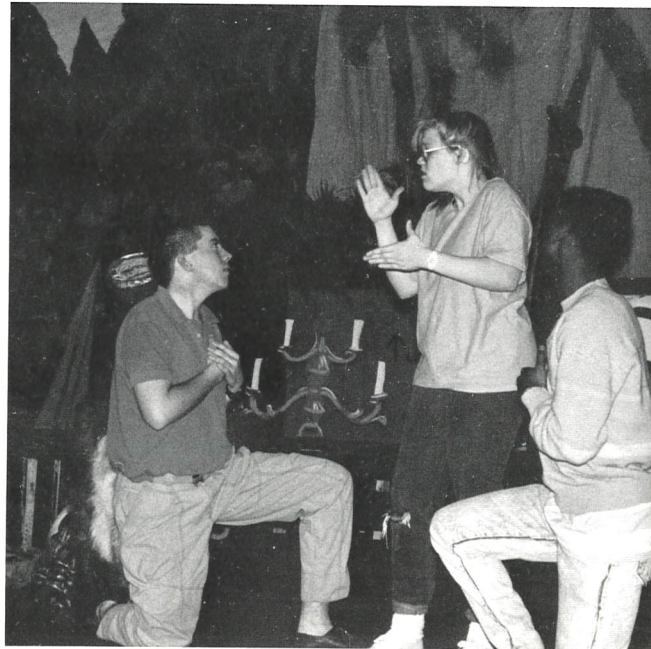

Students and staff started rehearsing for the Fall Theatre Showcase in early November and did their performances in December. It was a great experience, testing your patience and skills. One night, students from a nearby school, Sidwell Friends, came to perform with us in the show and then stayed overnight for the theatre workshops the next day. It was fun staying up until 3:00 am eating pizza and talking. The workshops were great as well, learning more about theatre and getting to know each other. Making new friends through theatre made it a very special weekend.

# Remember When . . .

The Performing Arts Cabaret, *Remember When . . .*, took us on a magic journey back in time. With talented singing, dancing, and acting, the actors shared with us 10 years of exciting theatre at MSSD.

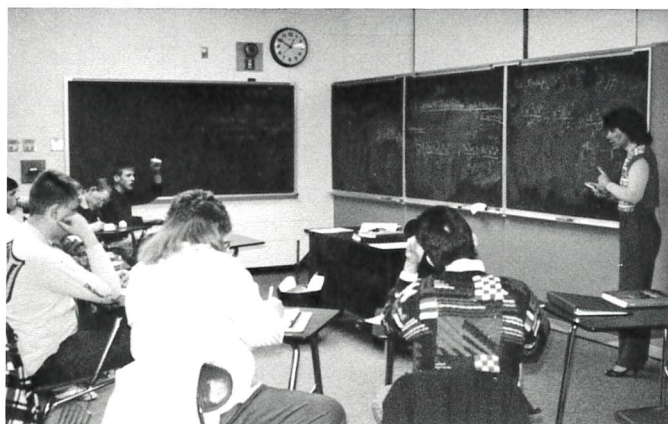

. . . South Pacific, Babes in Arms, A Midsummer Night's Dream, West Side Story, Godspell . . .

No, you're not on Broadway, you're in the MSSD Auditorium. MSSD has not only done the classics but two original shows as well: Quest and last year's Broken Promises. The Cabaret gave us a taste of all these great shows. It's hard to know who had more fun, the actors or the audience. Either way, a good time was had by all.

# School Days,

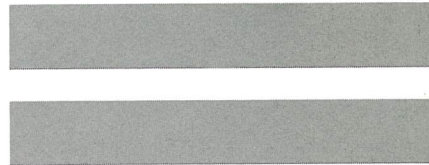

# School Days . . .

8:30 am and the doors open to another school day at MSSD. Discussion, Science experiments, and Algebra problems fill out heads. Whew, it's finally lunch time . . . Cold cuts and salad, mystery meats, a stop at the ice cream machine and it's back to class.

The afternoon slows down, a videotape and an essay to write. Last class — great; a heated debate to end the day. Now it's time for 3-5 program — oops students assembly today. What will it be about??? Doesn't matter at least we start with the MSSD wave. What a day . . . School days, start over again tomorrow . . .

The Postsecondary Enrichment Program is a special program which helps the students improve their skills in English and Mathematics. This program helps us to understand more in depth about English and Math. It gives us more information and ideas that help us to succeed when we reapply to colleges this spring. We have four classes in the morning, and several times a week we have classes in the afternoon. Usually we have lab time in the afternoons. During lab time we can work independently or in groups on our homework or other projects. The teachers are there in case we need them for help. We feel that we have learned a lot during the PEP year.

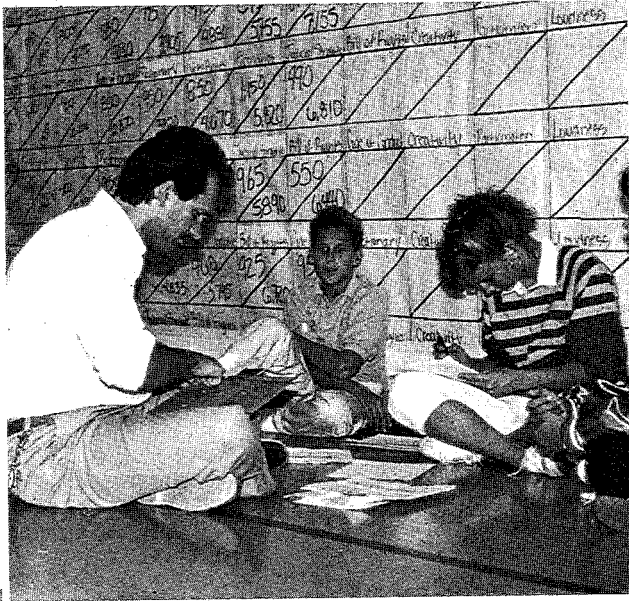

We think the dorm situation is okay. The reason for that is because it gives us lessons on how we can handle ourselves while in college. For example, how to socialize with other students, keep our dorm neat, and other things. There are also activities such as IM sports and the PEP Student Council which we like very much. However, we don't like some of the rules which make us less independent, such as early curfews and no refrigerators allowed in our rooms. Possibly these are common rules which we may have to learn to accept. Hopefully we will be able to change some of these rules so that we can be allowed to be more independent.

Overall we like PEP very much. We are like sisters and brothers in that we work together and respect each other. There is a lot of teamwork!

This year's volleyball team provided a lot of excitement and interest. The team finished up 22-13-2 and won the Potomac Valley Athletic Conference regular season and Tournament titles. The team received outstanding performances from Ruth Lummer, Kim Huseby,

and Lori Earls who earned PVAC all-conference honors. This team exhibited good serving, and good receiving skills. We were undefeated until the last ten matches when mental mistakes cost us several matches. Lee Kowalsky, Vilma Miranda, Heather Holahan and

Elizabeth Ramirez were our most improved players. We will sorely miss the seniors, Ruth Lummers, Lori Earls, Kim Huseby, Lee Kowalsky, Jilly Kowalsky and Elizabeth Ramirez next season. Next year we will depend on our returnees and begin rebuilding our winning team.

## Message from the President

MSSD's Student Body Government's first project this year was to focus on the new constitution. It took three student Assemblies to have the students approve the Constitution. Due to the Student feedback we have made many changes. For instance, now we have a student Senate. This is a small group of representatives who are interested in making MSSD the best school possible. We also have a Chief Justice who makes sure that all of us working with SBG are following the Constitution.

We have been busy with all sorts of things. We participated in Homecoming, meetings with the Parent Advisory Council, the Winter Sports Banquet, and the process of choosing a new principal. One of our highest priorities this year was to improve the cafeteria. The Executive Board has learned a great deal this year. We will always remember our experience with SBG.

# Peer Advisor Program

The MSSD Peer Advisor Program is based on the creed that high school students are able to develop self-actualization of themselves and have the ability to share this experience with others. Being a Peer Advisor is not an easy task. One of the main duties is to be a role model to peers, that is sometimes a 24 hour job. Peer Advisors also encourage students to make

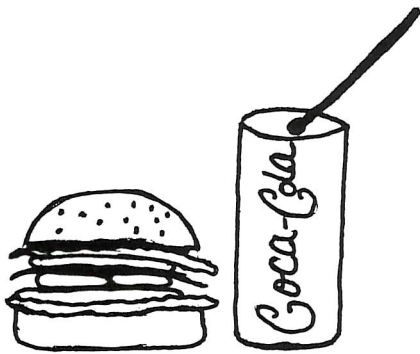

the right decisions. The Peer Advisor Program is also designed for the Peer Advisors themselves. The program encourages well rounded personal growth for all the individuals involved in this program. The job is always a big challenge, but it is worth it because it encourages students to develop to their full potential.

*Still one of my best students after all these years!*

*— Your loving Pre-School Teacher,  
Jackie Sobey*

*The time as passed so quickly and now I can say how proud I am of you at this time of graduation. You have always tried so very hard and certainly now you understand the marvelous prize of working hard to achieve — You have so successfully achieved! I am happy for you and I feel that life will always mean something for you.*

*All of the faculty join me in saying how truly proud we are of you and the work you had to do to achieve. It all started here at Holy Trinity and you simply looked forward and made some important decisions for yourself.*

*My best wishes always and may God ever bless your every effort.*

*— With Love, Ms. Phyllis Winter*

*NOW THAT YOU'RE GRADUATING, MY, HOW FAST THE YEARS WENT BY! YOU WENT FROM A LITTLE GIRL I KNEW, TO A BRIGHT & PRETTY YOUNG LADY. WE WISH YOU LOVE AND SUCCESS IN EVERYTHING YOU DO! MAY THE COMING YEARS BE GOOD TO YOU.*

*— MUCH LOVE, BEA & CORKY*

*I know what you're thinking, but yes, it's me writing to you, Diane, let me tell you a few things! First, I've known your Mom and Dad for so many years that I can remember in my life and those memories included you four siblings, but you most of all. I can't believe that you are graduating from high school. Secondly, I'm sure your Mom and Dad are proud of your achievements and that goes for me, too. Congratulations, Diane!*

*— Love, John, Sarah & Family*

*We wish you every good thing because you deserve the best!*

*— Love, Kathy & Susan Murphy*

*Congratulations! I wish you the best of luck in the world! I'll be looking forward to having you at Gollaudet.*

*— Love, Julie Dunn*

*Congratulations! I am very proud of you!!!*

*— Love, Ken Aldrich*

*YOU MADE IT! YOU DID IT SO WELL! THIS IS JUST THE BEGINNING OF WONDERFUL THINGS TO COME.*

*— LOVE, TOM, LAUREN, KARA & ASHLEY DOWLING*

*Your high school years have ended, but the memories of many experiences will always remain. Look ahead to a college career filled with excitement for learning; relationships renewed, enriched & newly made, activities continued and more fully explored. This will be your time to discover, expand and create the person you want to become.*

*Remember to care for other people, stretch your potential to its fullest capacity and always laugh.*

*— Good luck, Diane Russell*

*You're cool, DIANE!*

*— Eric*

*What's up?*

*— P.J.*

*CONGRATULATIONS AND BEST WISHES!*

*— AUNT KATHY*

*YOU ARE MY BIGGEST FRIEND AND I AM YOUR LITTLEST FRIEND. PLEASE HURRY UP BACK HOME.*

*— Jessica*

*Won't you be happy to graduate so you can go away to college!*

*— Uncle Pat*

# A Last Look

The Model Secondary School for the Deaf is one of the leading secondary programs for the deaf internationally. MSSD provides an education beyond the classroom boundaries for its students. Through experiences, such as the Gallaudet protest, we, as members of the MSSD community, learn about virtues, morality, and ideals.

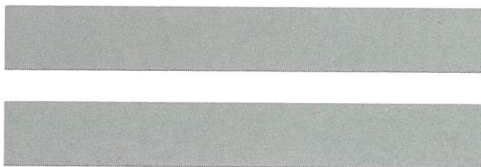

"What better or great gift can we offer the republic than to teach and instruct our youth?"

Cicero

The rich education and memories will never leave the students, but support them through the vigorous trails of life. As the students venture into the world, TAKE A CLOSER LOOK.
