Exploring A New World

"Do we smell like fish?" Derek Shirane, Jessiah Huseby, Jennie Vaccaro, Justin Ashton, Debbie Nathanson, Michelle Bachman, Ryan Nitch and Chris Nichols

Exploring a new world, Washington, D.C. is an excellent idea for MSSD students. They should go out and take a nice view of their world and enjoy the many fun things to do in Washington during the weekend. MSSD students love to go out to eat, go shopping, go on trips, go sightseeing and just relax. Some of the most popular places visit are Georgetown, Union Station and Pentagon City Mall. Going off-campus is one of MSSD students' favorite things to do on the weekends!

"Amazing, what a nice view!" Michelle Bachman, Jennie Vaccaro, Chris Nichols, Melvin Wingfield, Ryan Nitch, Derek Shirane, and Jessiah Huseby

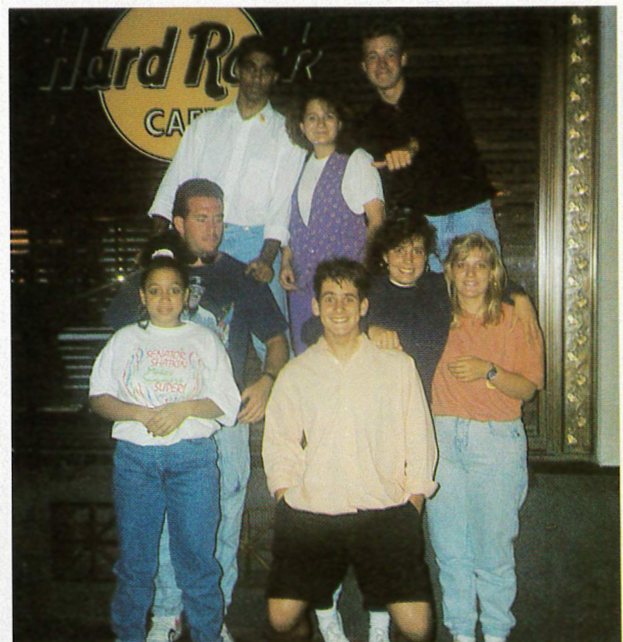

"Do I look like a Joker?" laughing Melvin Wingfield.

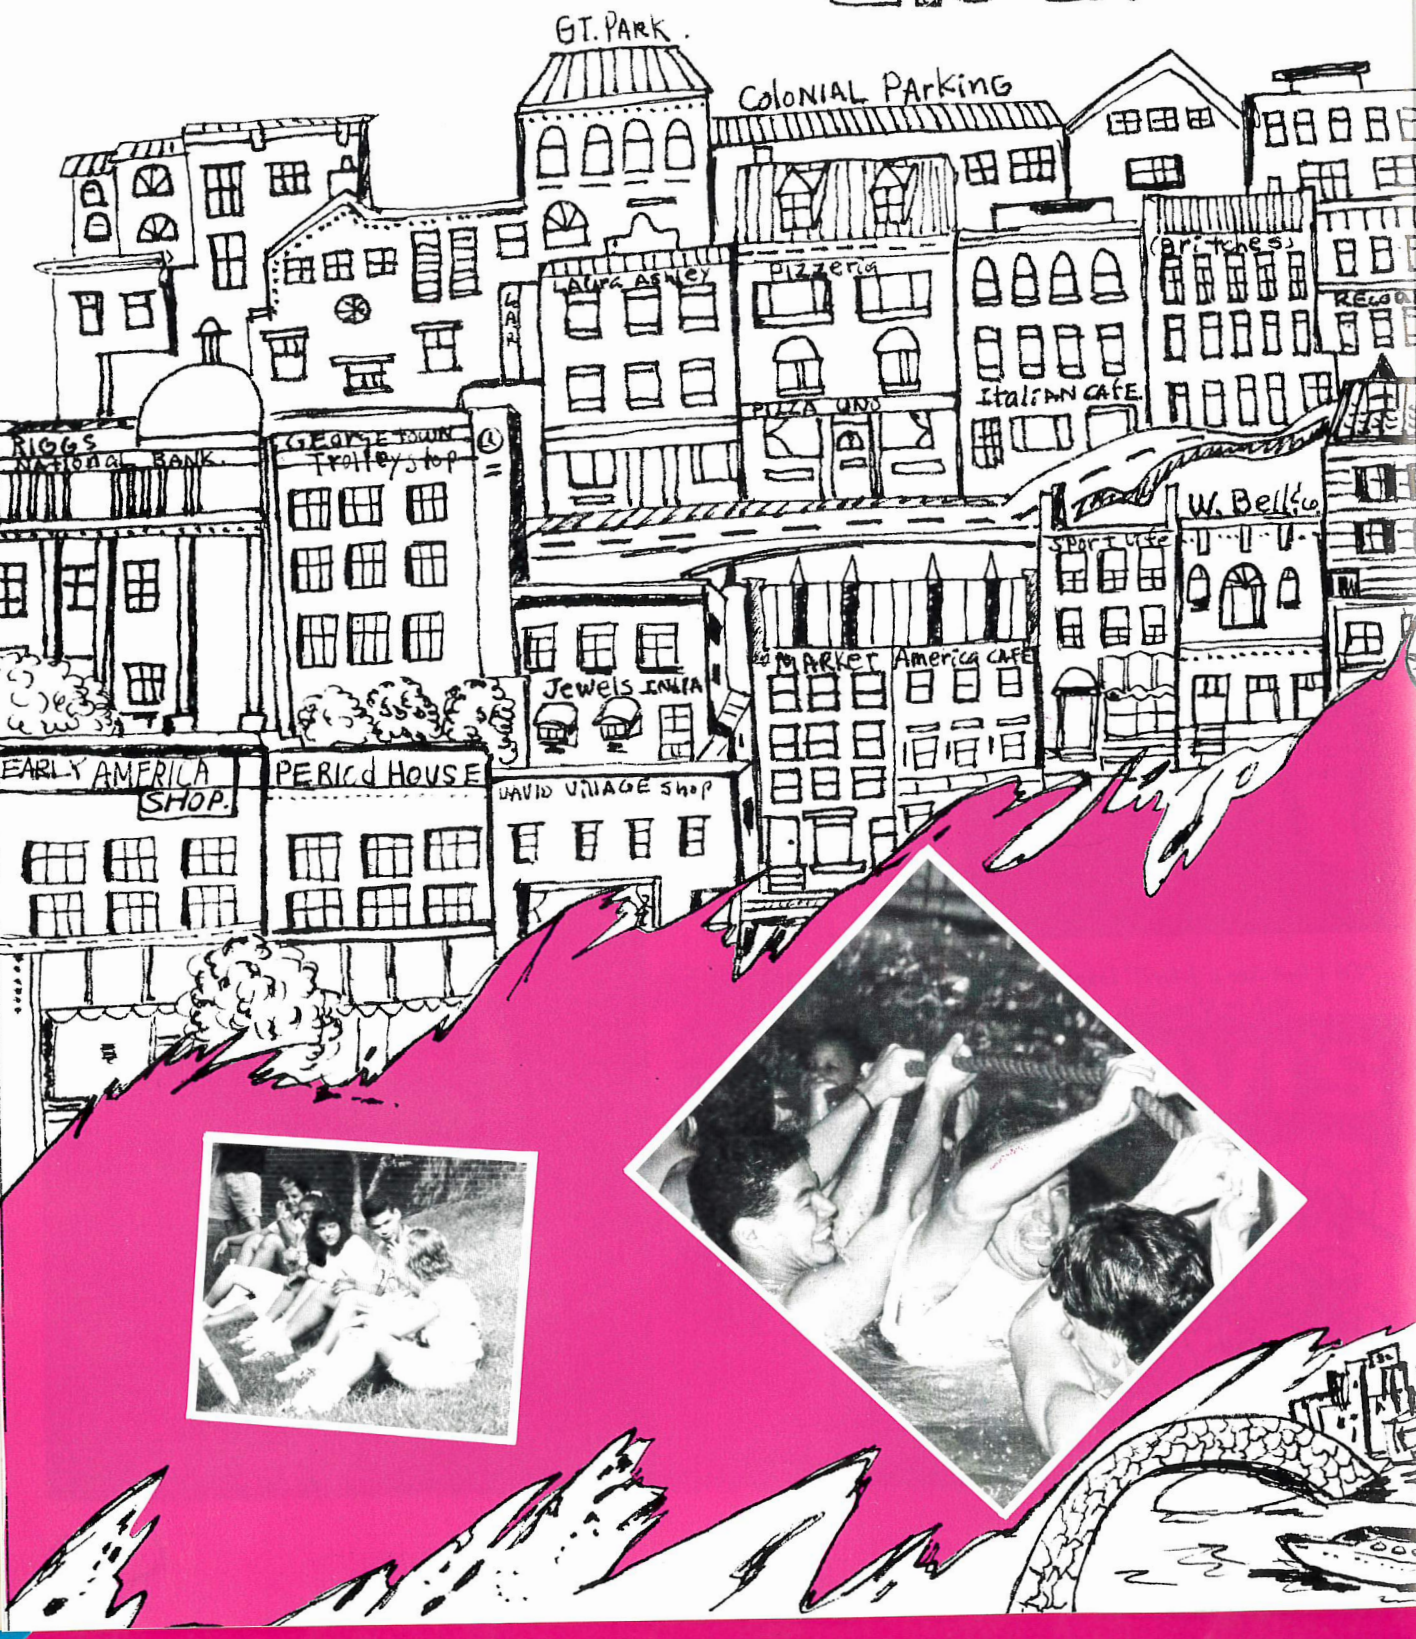

Burp! Burp! Burp! Burp! Burp! Burp! Burp! Burp! So we are all burps! Taimoor Ghafoor, Debbie Nathanson, David Day, Chris Farina, Dianna Sperry, Sara Peterson, Monique Chance, and Chris Zelnio.

New Student Orientation

New Student Orientation (NSO) is when new students get prepared for their first year at MSSD. It's a good thing that they have Peer Advisors to help them break their awkwardness. The new students played all kind of "Ice Breaking" games. The fun part was when they went to Wild World and Baltimore's

Inner Harbor. When new students were asked, "When you first came to NSO, how did you feel?" These were their responses: Rochelle Langford (Freshman) "I felt awkward at first, but now I feel good about being here at MSSD." Cherie Wilson (Sophomore) "I was excited for one week, but now I feel more relaxed

and comfortable." Lymari Ramos (Freshman) "The first time I came to MSSD, I felt scared, cuz I didn't understand sign language. I'm learning new signs everyday and understanding more and at the same time, making new friends. I like it much better here."

(top) "What is Heather Plato smiling at?"

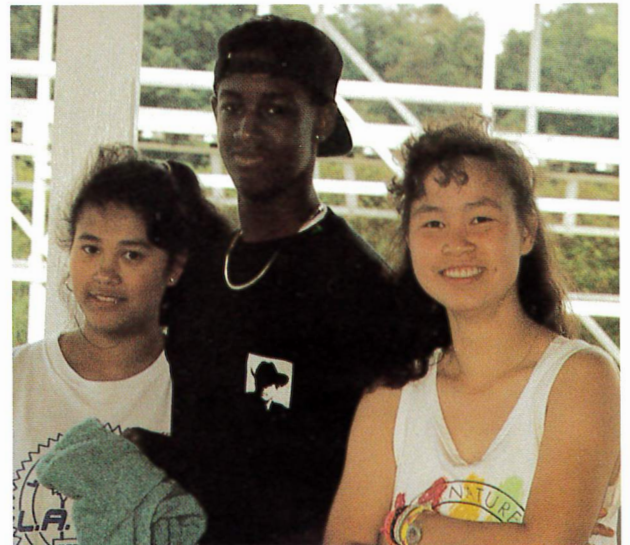

(top left) Aha! Finally got Mrs. Horwitz (the devil mother with red eyes) to get her devil daughter Brenda Horwitz into MSSD.

(top right) "Hey Babes! Give me ten."

(left) "What are those lines of earthlings doing?"

Whoa! The new students girls sure have lots of strength for their NSO training.

(top right) Trying to prove to yourself that you already rode on one of these wild and bumpy rollercoasters? Dalis Chin, Shomari Macon, Yun Sun

(top left) Isn't our group cool?

(left) Aren't you guys weary already after a whole morning of excitement at Wild World?

There were six teams: yellow, black, pink, blue, white, and green. The pink team won. Students loved Judicial Day this year more than last year, because they cooperated, participated and showed alot of spirit. They got to know each other better and made new friends. They learned alot about school rules and Judicial Board policies. There were six different stations that were a part of Judicial Day: Jeopardy, a mock judicial trial, a spirit competition, D.C. Rape Crisis presentation, a Pictionary game and unscrambling words relating to the Judicial Board. It was a tiring day, but still a great day!!!!

JUDICIAL

Hey, Is everyone lost?

Jim Hynes explains "guilty" in a mock trial.

YEAH! YEAH! Enjoy smelling our sweaty armpits??!!

DAY

I wonder if Mia Laboy is going to be a teacher someday?

"What kind of food is that? Who cares? Just eat it!"

Look at the expression on Jennifer Miers' face. Jim Hynes must be getting on her nerves.

Wanna hop in our cool 50's Pink Cadillac?

PEP RALLY GETS US FIRED UP!!!

Look what we have here! Yeah, that's right, we had the best Pep Rally ever!

Here are some of the student's reactions to the Pep Rally.

Q: What did you really think of the Pep Rally?

A: "Well", said Curt Slater, "I really liked it alot and also it ran smoothly."

Q: What was your most favorite part about the Pep Rally?

A: "My favorite part" stated Terry Giansanti "was the Volleyball game between Indiana School for the Deaf and 6 MSSD Football players."

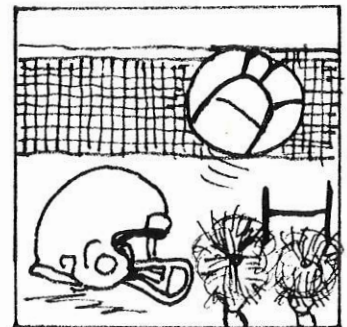

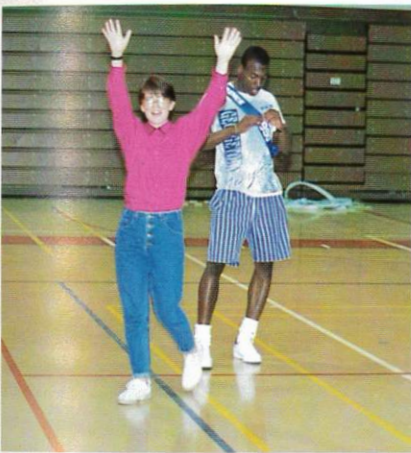

Q: Did the Pep Rally really give

you alot of support to win the game?

A: "Yes", said Suzzy Aguayo, "because the Pep Rally really made me feel so good and positive about our school."

This event happened on September 20, 1990. The MSSD football players played a volleyball game against ISD football players, unfortunately they lost. But the very skilled MSSD football players won their won game on the field. See our great spirit at our best ever Pep Rally! Be proud of our wonderful school and let's make our high spirit last forever!

Stefan Bergan (#4) attempts a pass to Michael Kent (#88). Did it score a touchtown??

The Main Attraction

The Silent Games vs. ISD!

"Look! It's an Eagle" The symbol of MSSD showed up at the game to show support for the Red, White and Blue! I wonder who's under the suit! Can you guess??

Vilma Miranda attempts to set the ball back over the net as Myra Yanke gets ready as her back-up!

Homecoming '90' was a very special night for the football team and everyone at MSSD. The field was filled with players from MSSD and the Indiana School for the Deaf. They were ready to sweat. MSSD fought very hard to win the game. We beat them by a score 37 to 8! Hip-Hip Hooray!

It was a very important night for the Deaf Community and it was a thrilling experience to have another School for the Deaf be with us. We felt like a one big warm family. We all had alot of rich experiences socializing with kids from another Deaf School. How did you feel when we won the game against ISD? How did you like the homecoming dance? Let's hear what some students had to say.

Billie Jean Nelson: The very special night really inspired me and the dance too! I was very happy that we won the game! The dance was wonderful. I've had a lot of memories and never will forget them.

Heather Plaster: I appreciated our MSSD football team. They have been trying so hard to win. Finally, we won! We also had a great time at the dance. We should thank MSSD for getting such a good place to have the dance. Keep our MSSD spirit up! Keep it up forever!

Justin Ashton: I was very thrilled to play against ISD because it was my first time to play against a Deaf school. We beat them badly. I had a great time at the dance. I think this year's dance was better than last year.

Doug Brewer: It was such a good game. We beat them bad. We crushed them. The dance was terrific! I had a good time. I enjoyed dancing with all the girls.

Greg Thomas: It was a real thrill to play against a Deaf school. We beat them so good. We won the game and that way, it made all of the football players and me in a very good mood for the dance. EAGLE PRIDE!!

MSSD will never forget the homecoming games including the emotional, physical, menial, and spirital feeling that they experienced throughout the week of HOMECOMING '91!!

"Hey cuties! Show those pearly teeth!" Homecoming King and Queen Stefan Bergan and Jennie Vaccaro smiled at the tons of camaras that were focused on them that night.

Siah Huseby says "Throw me tbe ball!"

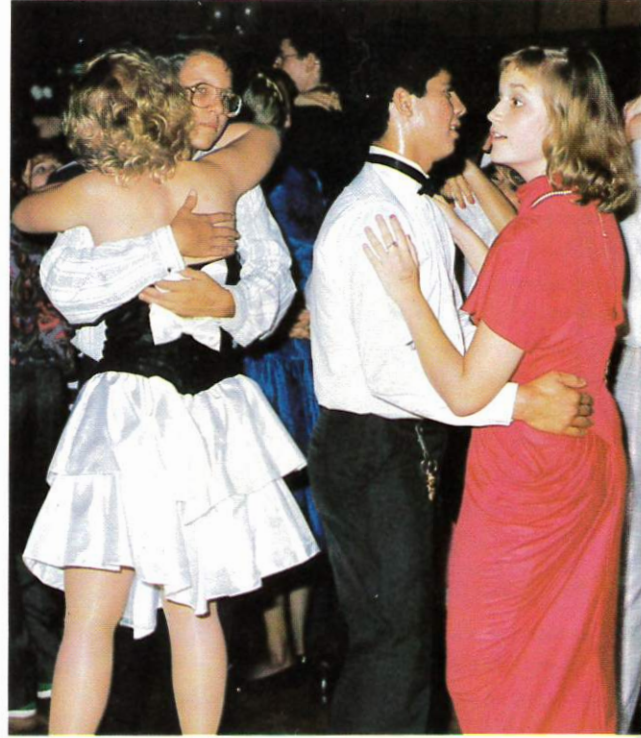

"Why yes, she does seems to polish her teeth very well!" Dianna Sperry says to Michelle Bachman, as Jennifer Yost and Jessica Blair check out the game!

Memories of Homecoming Night

Stanley Borecky, Heather Plaster, Jessiah Huseby, and Rachel London are modeling their outfits.

Myra Yanke, Curtis Slater, Tiffany Green, and Joe Martinez are enjoying slow dancing with their dates.

The volleyball team and their coaches are great players! They seem to be waiting for the guys to come ask them to dance.

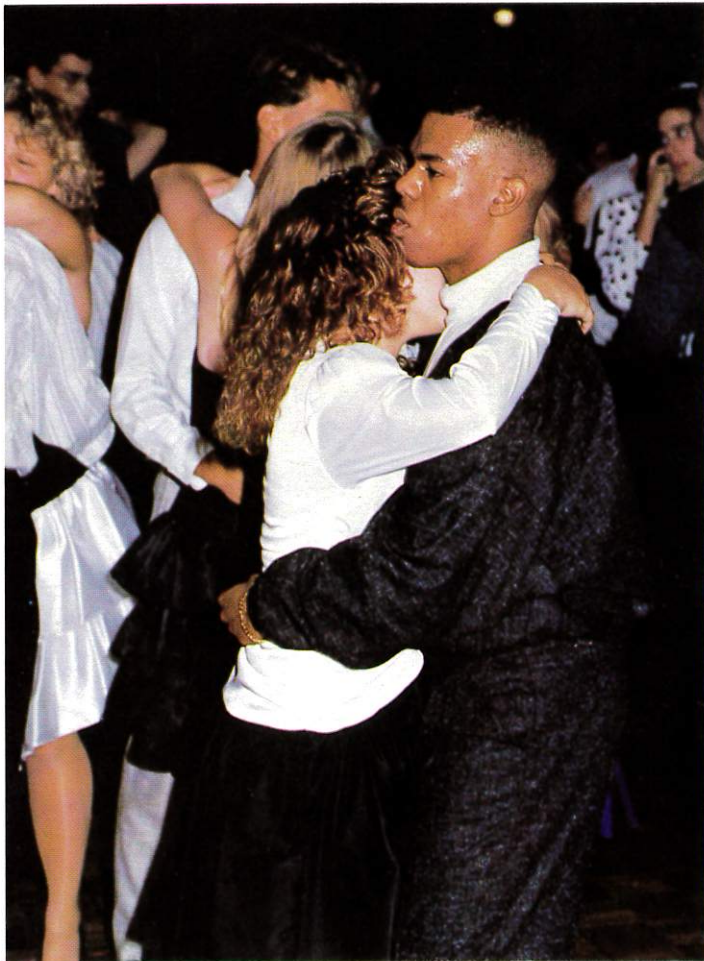

Homecoming Night, September 22, 1990, was held at the Sheraton National Hotel. There were about 300 students who attended the dance and they had a blast! We sure have great memories of our homecoming dance.

"Hey, we have no stains on our white dresses!" giggle Wendy Browne, Mindy Johnson, Louise Schroeder, Jessica Dalton, and Jenine Ferree.

Alisha Halmon, Monique Chance, and Rachael Baird are modeling to show off their great legs.

One of the cutest couples at the homecoming dance were Candeia Cowf and Demon Johnson.

A Fun Week To Remember

What's wrong with this picture?

"Oh Look! Everyone is wearing red, white and blue, this is a great day for Homecoming!"

Students were all talking among themselves about what to do for spirit week. Spirit week is the time when teachers and students get together and prepare their spirits for the homecoming weekend. Everyone's spirits were high throughout the week. Students were borrowing clothes and asking for ideas on how to dress up. At night, there were pool parties with games, treasure hunts, yelling contests and much more. The homecoming committee worked very hard to get the students' spirits high and they did a swell job. It was a week that put a smile on everyone's face.

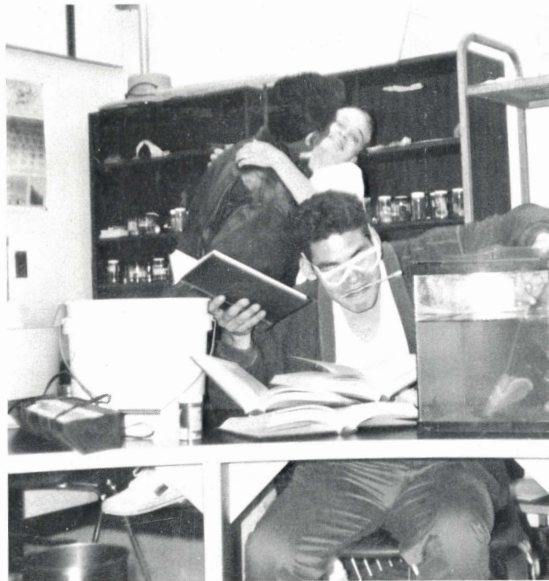

What's all the excitement about?

Check out the looks on these faces. They all have devilish looks and thoughts about who will be dunked next. Anybody else volunteer??

Uh! Oh! Someone is getting dunked, who's next?

What in the world is Darena Dyke doing in a room with two gorgeous looking guys?

All these people are lucky! Why?... Because they are running with the President. The President of Gallaudet University. Looks like Mike Deninger, Dean of Pre-College Programs is in pain while I. King Jordon and Robin Richmond are smiling. Why is Robin smiling anyway? Oh we all know, she thinks she will beat I. King Jordon! It's a dream waiting to happen!

They are never too old or too young to keep in shape.

FALL THEATRE SHOWCASE

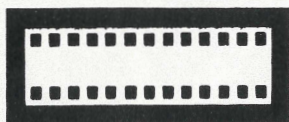

The actors started off practicing for the fall concert. Sweating and overwhelmed guys worked hard to make the show go smoothly. Finally the first night arrived. The actors stood nervous and shivering as the curtain opened in the front of a hundred eyes watching every move they made.

(Top Left) Having heart attacks, huh, babes? (Top Right) Trying to be Romeo and Juliet? (Middle) Pick one now or you're gonna lose both babes forever! (Bottom Left) Watch this great dance step! Sliding on the ICE!!

Carrie Bethea can't wait to get on the ice.

Jessiah and Rebecca talk about how much they enjoyed their trip to the Ice Arena.

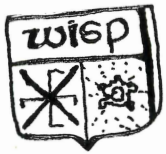

Christina wants to stay and skate some more.

On January 11, 1991, we went ice skating in Fairfax, Virginia. There were only 18 people who went there. They really loved it and enjoyed it. We left the school at 6:30, and we got lost looking for Fairfax, so we stopped at McDonald's for dinner. After dinner we continued looking and finally found the Fairfax Arena.

When we arrived there we found a long line. So we paid and got through. And then we picked out our skates in sizes that fit our feet. We put our stuff in the lockers, and got ready to go on the freezing cold ice. Some people fell down many times and some were lucky. We went around the circle and then we went the opposite way. We had a romantic skate dance with all the lights off and colored lights on. And everyone was very tired. So we went back to dorms very late.

Some thoughts from Principal Cindy Bailes. She loves her job very much! It's very challenging. She thinks our students are super. Her advice is to be all you can be... never think you can't!. Her favorite sport is Tae kwon do. She thinks MSSD is a wonderful school. It has an excellent educational and student life program.

(Above) What is Tom D'Angelo doing? Reading while we are having a meeting? (Above Right)Myra Yanke sure is very tired after a long case.

The Judicial Board Retreat was an incredible four days training in Bethany Beach. We arrived there in our old, yellow and cranky bus. The view of the beach got us so excited! While we were unpacking, we couldn't stop thinking about getting started with our training. The first day was great at the beach. That night we had a short lecture about the training and the schedule for the retreat.

The Judicial Board members were so excited about the training; attending workshops, group discussions, and doing a mock trial. To start our day we had morning exercises on the beach at 6:45am, then we ate breakfast at 7:30am. After that, we had workshops until 11:30am. From 11:30 until 12:30 we had lunch. Then we were free from 12:30pm until 4:00pm to do anything we wished like going

to the beach, shopping, or swimming in the ocean. We learned how to run the Judicial Board and to ask questions properly, we learned the code of ethics and the code of conduct. We even learned some of D.C. laws. After the long training, we had to clean up the two condos and we headed back to Washington D.C.

Alex Jones

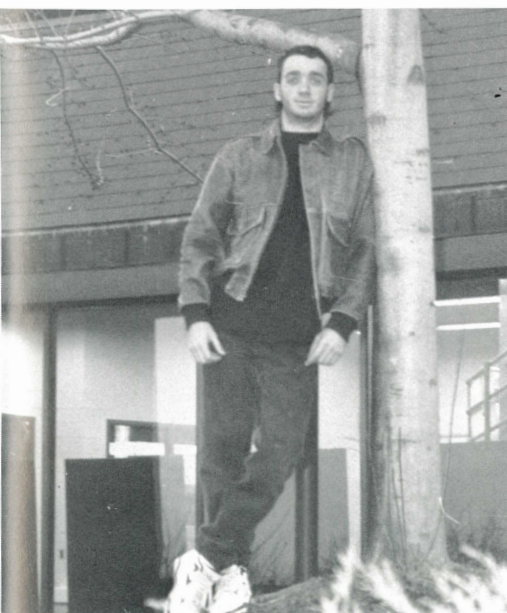

The MSSD Chapter of AFS Intercultural Programs has experienced another active year's participation with exchanges of deaf high school students.

From across the world, MSSD was host to Brendan Cooper from New Zealand. Brendan lived in the MSSD dorms and spent many weekends on campus enjoying time with new found deaf friends. Several of his weekends throughout the year were spent with his Deaf American host family, Mr. and Mrs. Henry Evans and host sister, Hayley, of Huntingtown, Maryland. While at MSSD, Brendan was very involved in the athletic program and played american football for the first time.

This year, MSSD was also lucky to send a student abroad for a learning experience one will never forget. MSSD junior, Alex Jones, was fortunate to travel around the world to Thailand. Alex is the first Deaf AFS student to be placed in Thailand. He attended the Sethsatian School for the Deaf in Bangkok and lived with Dr. and Mrs. Tammasaeng. During the year, Alex became fluent in Thai sign language and also very involved in learning about Deaf Thai culture.

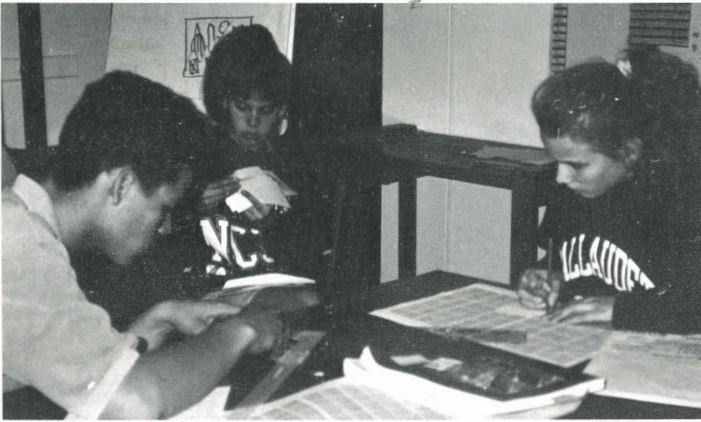

Will Verbits leads a discussion about AFS with a group of interested students.

Carrie Bethea wonders if the candy machine is working or not.

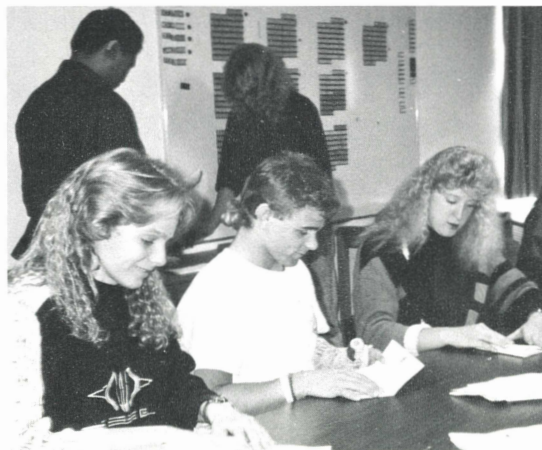

Oh Boy! Jennie Ann Vaccaro and Kenneth Boudier are working together!!!

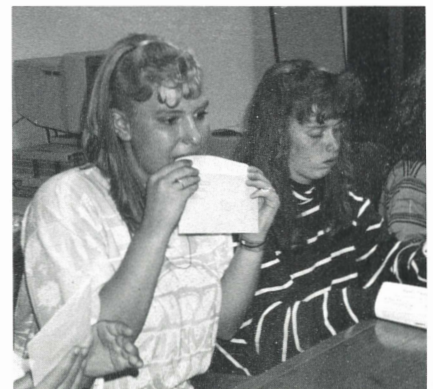

What are Kenny Boudier, Candiea Cowf, Rachel Baird, and Darlene DeSiervi doing?

Mmmm! Moon wishes he could eat the Egg Rolls!

Moon Soo Choe, Carrie Bethea, Stanley Borecky, Mindy Johnson and Roxanne Fenicle work together as a team.

Sara Peterson and Rachel Baird fold more fliers for picture day, ugh!!!

On The 1991 Eagle!

Carrie, Derek, and April are thinking how to put everything together.

Everybody pays attention to Robin Richmond, so they can understand what to do for the next deadline.

Tammy Davis helps Jessica Dalton enter the layout onto the computer.

OCTOBER 25, 1990, I worked in the yearbook room NON-STOP! I first arrived and grabbed a cookie from the pile of junk food that had been set up on the table. I got my layout and gave it to Robin, our sponsor, for approval. She said that I had gotten the wrong size paper and I had to do everything again. I wanted to kill whoever gave me the paper. To my surprise, doing the layout again turned out to be easier than I thought! The next step was putting it into the computer. I struggled with the computer for what seemed like an eternity. You would never believe how many mistakes I made!!

Everything was finally into the computer around dinnertime. I took a long break and came back around 9 p.m. I worked on the computer and actually FINISHED my part of the 1st yearbook deadline! Whew! Robin asked me and Sara, if we would stay to finish up after everyone. We accepted! At 12 a.m., the rest of the yearbook staff was asked to go their dorm, while Kenny, Moon, Sara and I stayed. This is when the real terror began!!

Once everyone left, we realized that many people had not totally finished their pages. They left us to do the final touches on 14 pages! We got down to work as fast as our brains would work. We were eating potato chips and cookies. We really needed it! We were running from one computer to the next, working on 3 different pages on three different computers. When we finally finished around 3 a.m., we were as tired can be, but very happy! Our last chore was to clean up. The room was a mess, trash on the floor, overturned chairs, even the smell of sweat was in the air.

As I left the room I thanked God that I made it through this night alive. As you can see.... the yearbook is finished, hopefully you've enjoyed it, and I still have the bags under my eyes to prove that we, the yearbook staff, did this all for MSSD!! Enjoy!!

Flag Squad

Carrie Bethea: When did you join the Flag Squad?

Julianne Alexander: I joined the Flag Squad when I was a sophomore.

Carrie: When you were chosen for Flag Squad, how did you feel about it?

Julianne: I felt thrilled and shocked. I thought it would be a neat sport.

Carrie: Were you nervous when you tried out for the Flag Squad? Why?

Julianne: Yes, I was real nervous. I didn't know if I was going to make it.

Carrie: Do you think the Flag Squad helped you to think positive about yourself?

Julianne: Yes, you learn to brave yourself in front of the audience.

Carrie: Why is Flag Squad important to you?

Julianne: Flag Squad is important to me because I was on the team for 3 years and it has gotten better each time.

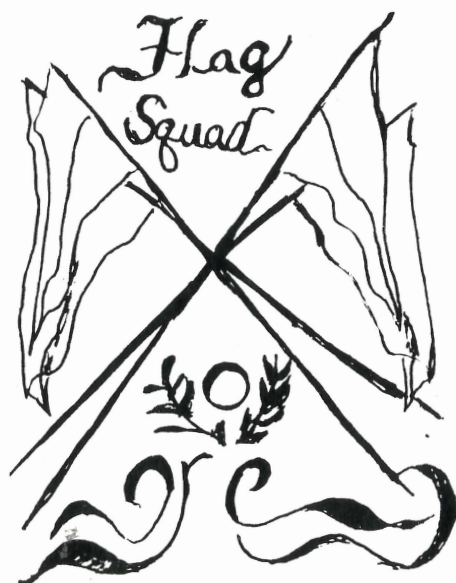

The Flag Squad did pretty good. They performed during half time at football games. The team practiced every day except on Friday. Brenda Curtis, the coach of the Flag Squad, helped them to learn challenging dances.

Off and Running.... They ran through the cool breeze from September to mid-November. Wonder if they ran all the way across the United States??? The Head Coach, Bernie Palmer and Assistant Coach, Ron Lake were proud of their team for working so hard. The best runners on the teams were Gerard Puorro and Karen Brush. Karen did well in the meets. Gerard was chosen for the first team in PVAC. Holly

Abell, Ying Bei Chen, Damian Brown, Phillip Ledwell, and Shawn Rhinehart did well too. Holly was a good runner but got injured a lot. She suffered but still bravely ran along.

The team thought that Cross Country was important, tough, a challenge, and required a lot of practice. The team was full of successful runners and all of them agreed that after their meets, they were very tired. They had pains in their muscles and lost a lot of energy, but it was all worth it!

Run for your life, Gerard Pouorro!

Don't stop there, Joseph Wojnowski!

Cheerful Cheerleaders!

(Left) Watch them cheering for our football team at our Pep Rally.

(Right) Here they are building a pyramid. Be careful not to fall!

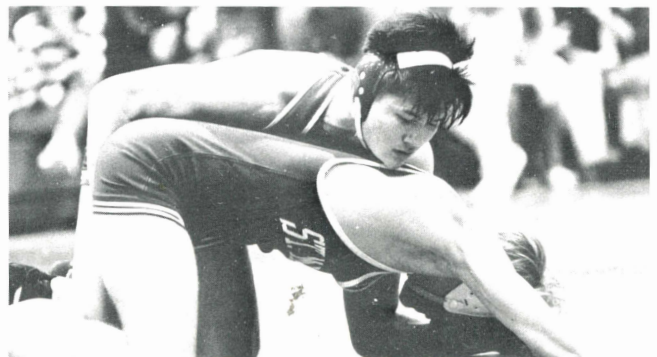

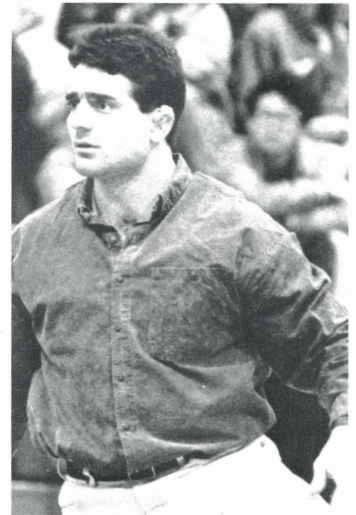

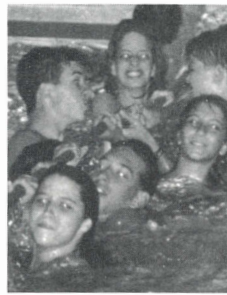

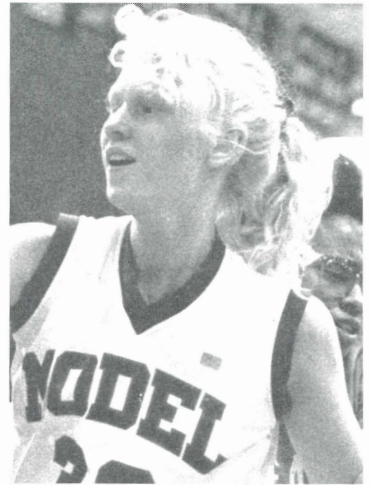

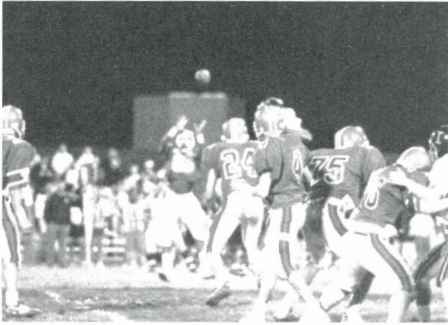

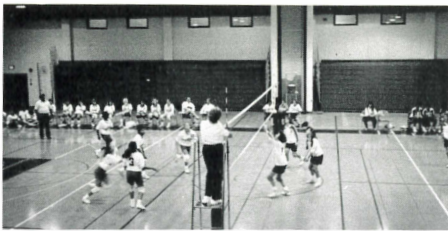

The cheerleaders supported our football games. They practiced everyday during their 3 to 5 activity. They learned different cheers to give our teams spirit. The

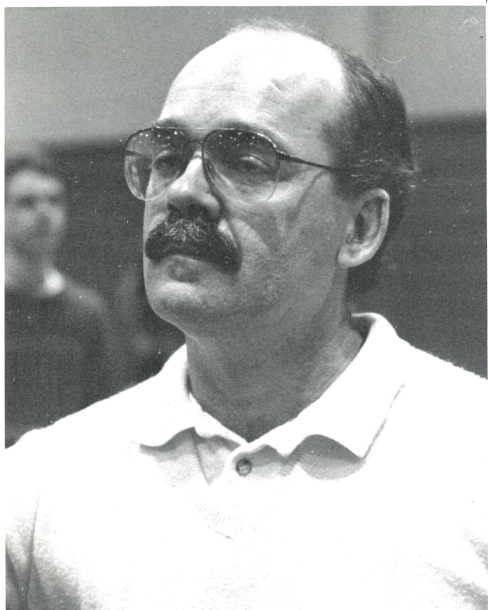

cheerleaders had a sponsor, Holly Jensen, who helped them with their cheers. Our cheerleaders helped the football team have a winning season!!

The Strong Varsity Boys Basketball

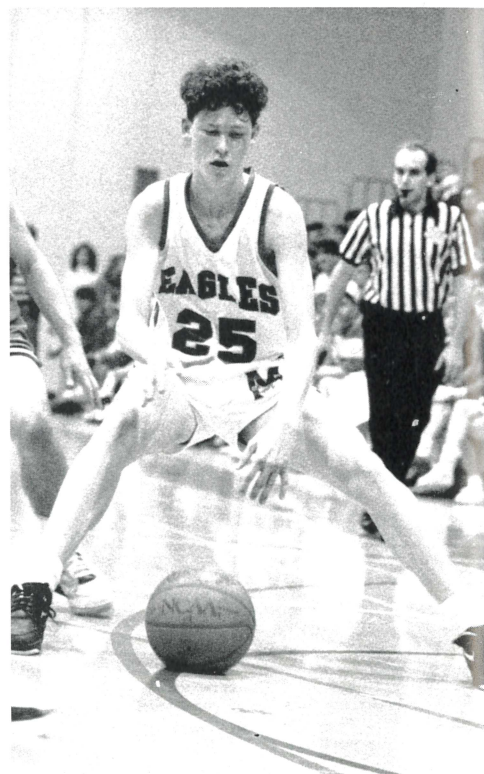

The head coach is so impressed with the boys that he could not express his joyful signs.

Stephen Cordle shoots a free shot, and our fans have high expectations for him to score.

Jessiah Huseby worked hard to win for MSSD.

Good move Wally Schwall, take a break and drink some coffee. We have the coffee stand over there!

Michael Jordan's designer shoes are so popular among our basketball players.

Jessiah Huseby tries to see if he can shoot, while the visiting team player looks in the other direction.

We captured two funny faces on the court.

(Right) Bryan Burdiss steps behind to see if he is on guard and gets ready to steal the ball. (Left) Let's go Wally Schwall! Think positive and shoot as you think you can. Don't let him get in your way.

Just Dribble It!

Junior Varsity Girls Basketball team began awkwardly but improved greatly this year. They had a pretty good season. Ms. Bev Flecher, the head coach, was good and supportive to the players. Mechelle Tarbox, who was one of the basketball players, said her best experience was developing team work and competing with other teams. Their most exciting game was when the team thought they were going to lose but they won instead! The team sure had a wonderful year!

Students at Work!

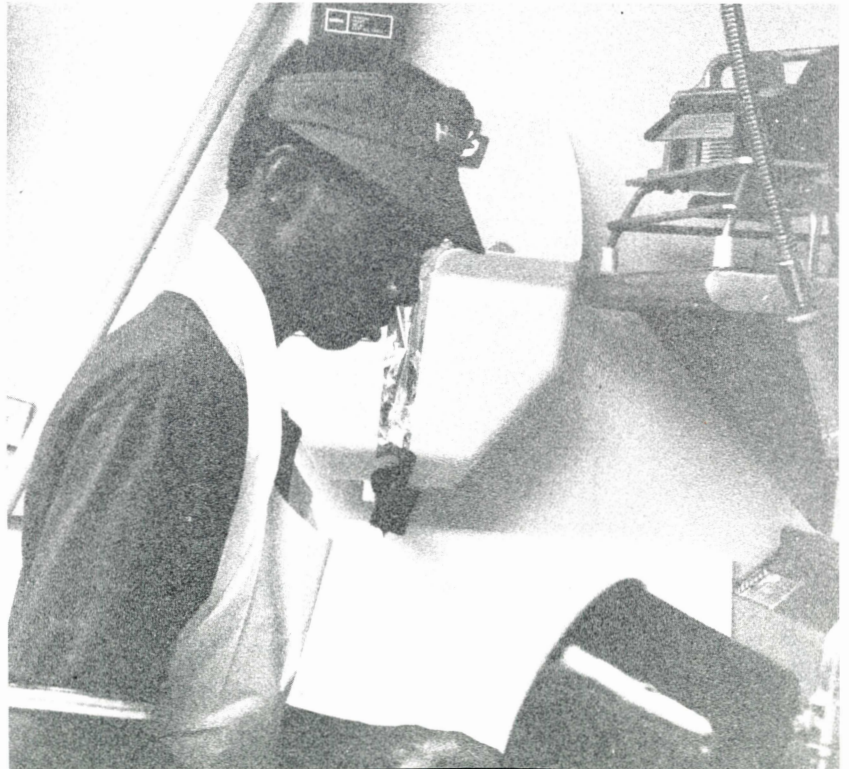

First year students Patrick Ridgell and Naikia Roach get learning experience from Custodial Services in the dorms.

The Special Opportunities Employment Education Program is a five year program divided into four levels of work experience (short term volunteer work, rotated long term volunteer work, part time work with pay and full time employment with pay). The goal of the program is to broaden the students' awareness of the world of work and to explore their own interests, aptitudes, skills and abilities relating to work. Throughout the five year program, the students receive regular classroom instruction about various types of occupations. They also learn how to seek employment, how to complete different types of applications, how to prepare for the interview, how to meet supervisor's expectations, and how to maintain a job. We are very proud of our students and applaud their progress.

Second year student Shanike Hill goes over inventory at Gallaudet's Cafeteria.

Fourth year student Melverton Wilson cleans and cooks at Hardee's in Pentagon City Fashion Center.

Second year student Micheal Schroth monitors the KDES Lunch Program.

Second year student Yesenia Lovos works with Pre-Schoolers at Gallaudet's Child Development Center.

Fourth year student Abdullah Sultany makes salads for L&N Seafood at Pentagon City Fashion Center.

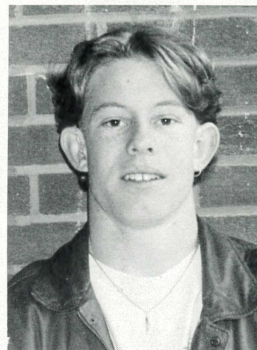

Third year student Rosa Quezada works with Rosie Freeman at M.S.S.D. Admissions Office.

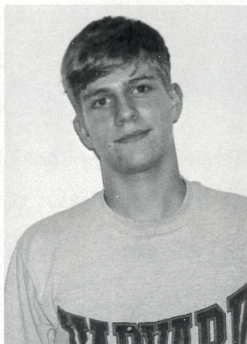

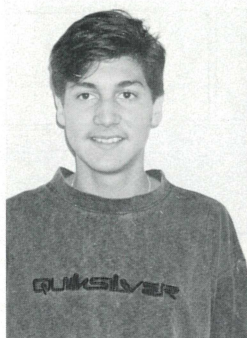

First year student Daryl Watson works at Gallaudet Cafeteria.

Dear Julianne,

For Julie

I've watched you grow from a sweet little baby to a talented and beautiful young woman. The more you grew the more my pride in you grew. You have accomplished so much in your young life. The promise of your talent is just beginning to be seen. Congratulations on your success!

Love, Aunt Sue, Uncle Peter and the Boys

Dear Julie,

I'm so proud that you are my sister. I wish you luck in everything you do. It's hard to believe that you will be going to college soon, but I know that you do well.

Love you so, Your brother Tim

"Jewel"

As your graduation day approaches, I find myself reflecting back to your very first days of school. You were so eager to go to school, that you hardly stopped to wave good-bye. Even then, at 18 months, you were ready to meet the world head on. You never seemed to fear the unknown. Every new experience was only a challenge to be met and each one has been met successfully! Julianne, I cannot begin to express how proud of I am of you. You have become not only a lovely young woman, but a wonderful teacher. You have taught me that with determination and faith in ones own abilities, almost anything can be achieved. You truly are a shining "Jewel" in our lives, Julie. As you prepare to meet the new challenges in your life, remember that we love you and will be here for you. It gives me great pride to say, "Look out world! Here comes my daughter."

With Love, Mom

Julianne:

Best wishes on your graduation. May all of your hopes and dreams come true.

Love, Grandma and Granddad Alexander.

Dear Julie,

As you step off into the rest of your life, remember how proud we are of you and the way you have grown in intelligence and beauty. Please remember, we love you very much and hope you will let us share in your future.

Always, Grandmother Billy and Bob

Dear Julie,

Hope you achieve your "Hog" heaven.

Good Luck to you,
Chris Perez and Family

Julianne,

I can hardly believe that you are getting ready to graduate. I remember your going away party. It seems like yesterday. I saw the picture of you, Monica, and Jackie just recently and it brought back lots of memories. You have become a lovely, confident young woman. Congratulations on your graduation!

Best Wishes for a wonderful future,
Irma, Brian and Jackie

Julianne:

Congratulations on your graduation. This is another step on the way to obtaining the goals you set for yourself so long ago. Keep up the good work. I am really proud of your achievements and persistence.

Love ya, Dad

Julianne,

Our lives have been filled with many happy memories of you. Dina remembers her baby sitting days with you and how you would help her put the boys to bed. Monica and Frank-o remember how you would use "creative modifications to the rules" when you played games so that you would win. I will always think of you when I hear the word "Perfect". You will always have a special place in our hearts.

Love, Frank, Bether, Cindy, Dina and Frank-o

Dear Julie,

I'm really lucky to have you for a sister. You have contributed many special memories to my life. I hope you have a grand life. Remember to keep me informed about college life.

With love, Thomas

P.S. If you ever need help with math, I'm here.
